Alberta Schools Cricket Association
President's Report
2000.

It was with some trepidation that I took over this position in February 2000. Since the inception of the organization five years ago, previous Executives and others have done a magnificent job in the effort to give life to the vision of cricket in Alberta schools.

The first five years saw many projects painstakingly planned and funded through various sources. Casino fund raising, through the Lottery Board, gave many people the opportunity to contribute. The schools from which the volunteers hailed were rewarded with the supply of cricket equipment.

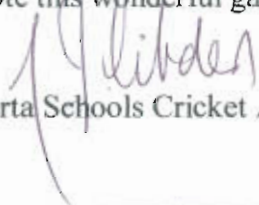

I was pleased to be able to participate in the opening of the 'state of the art' outdoor practice net on the Millwoods cricket campus. This was a project long on the drawing board. Its' completion now gives young cricketers greater access to training facilities.

The partnership with the Edmonton and District Cricket League, manifest in the outdoor practice net "use agreement", will form a healthy basis for future co-operation between our organizations.

The successful Indoor Schools Cricket Tournament held at J Percy Page High School in December will be repeated again this year. It is hoped that an outdoor tournament will also be possible.

I look forward to another year of expanded opportunity for school cricketers as ASCA works to promote this wonderful game among Alberta youth.
